

Stimulate impulse purchase with a cooled open flower stand

Floritech® Europe presents a flower stand of excellent quality. A highly developed refrigeration system and humidity control ensures the best possible conditions for the flowers.

Floritech® Check Stand 14

The **Check Stand 14** takes up less space than a standard EUR-pallet. This makes it possible to place it close to the valuable checkout area, thus increasing sales.

Features

Simple design

- Many flowers in a small area
- Adjustable vase holders
- Easy access
- The 4 wheels make it easy to move

Technical

- Gentle and even airflow with high humidity
- Microprocessor controlled thermostat
- Microprocessor controlled defrost and evaporation of condensate
- Environmentally safe refrigerant (R404a)
- Low noise level
- Dimensions: 91x80 cm, height 123 cm
- Voltage: 230 V – 11 A
- CE approved
